THICK

Fast in the darkness the

lets Flew

ig Battle of Po- and Strikers.

Marksmanship was ty and no One Was Hurt.

About Shenandoah are laining of the Foraging ties, and Ask Aid From the Militia.

Pa. Aug. 12.—A lively combat between deputies and at Troop, an isolated mining company north of here. Scores were exchanged, but as far as one was hit. The one village is operated by a coal company. Last night a battle was started un- der the cover of darkness. Some stone-throwing and clubbing of work- ing men occurred. The de- puties who pelted the wash- ing machines Monday night were guarded by the com- pany. The company had a big force of men. The guns of the company were soon silenced. A hot battle now thick and a shooting party seemed to be in progress. The fire on the pump- ing station was fairly riddled with the bullets shot into the air from the opposite shore, only a few making a target of the pump. The flashes of the assault were seen. The strikers were driven from their ammu- nition, and this put the strikers in the place where they were from the deputies. Sheriff Schadt went to the scene of the darkness to do anything. He will be to say, to prevent a re- peat of the scene.

Foraging Strikers. Pa. Aug. 12.—Com- mander to brigade head- quarters are foraging in the district of the Cata- wba which spreads its broad wings along the other side of the mountains north of the city. One farmer has been killed because he attempted to his property, and the roads are such serious prop- erty. The farmers are pre- paring some concerted action to stop depredations. It is not un- usual for the men to be sent into the camp. The men are draw- ing money for protection. The men in camp are daily fed- deral hundred women and chil- dren come there saying they are and as there is more than food in camp to supply the men the officers permit them to give something to the dependents.

Pa. Aug. 12.—That the at- tention of the anthracite miners to the strike began 13 weeks of the most determined char- acter being demonstrated by in this vicinity. Beginning work there has been a great hard coal strikers into this it now the number is estimat- ed at 200. The men are of the speaking element, who work- ing capacities in the mines. The single Ready employ- ment by the men, and be- lieved in Philadelphia and Pittsburg, in- stead of men have sepa- rate positions. One of the men asserted that if they were their right they would not to the anthracite regions. Settlement Expected. Pa. Aug. 12.—The strike of the west Pennsylv- ania, which began Aug. 16, is ended. Vice President Bingham of the district organization said that a set- tlement is expected in a short time. Both sides will make con- siderable concessions. He declined to discuss the terms of settlement. The executive board will meet at 10 o'clock on Wednesday, at which time likely arrangements will be made for terminating the long

ANTI FOREIGN

Feeling in Corea, Takes Form of Demonstration.

Berlin, Aug. 12.—The Berliner Tageblatt, today reports an anti-foreign in- surrection in Corea. According to the Tageblatt, several Japanese mer- chants were murdered, others were expelled and several native govern- ments who tried to protect the foreigners were also expelled.

The government, the paper says, is sending troops to protect the foreign- ers.

FOUR SHOTS

Fired at Russian Prince, One Taking Effect.

St. Petersburg, Aug. 12.—An at- tempt on the life of Prince Obolonski, governor of the province of Kharkow, was made on the main avenue of Tivoli gardens in the capitol of the province, yesterday. The prince was attending a performance at the gar- dens. During an entracte a man fired four shots at the prince, one bullet inflicting a contused wound on the neck. The assailant was arrested but his identity is not established.

MARKS

Site Where Coron- ado Turned

Back to Mexico

After His Fruitless Search in the West.

Purpose of Monument Un- veiled Today With Much Ceremony,

Is to Commemorate the Discovery of Kansas by Coronado and Re- discovery of Site of Quivira by a St. Paul Man.

Junction City, Kas., Aug. 12.— On the site where Coronado turned back to Mexico after his fruitless search for the seven golden cities in the province of Quivira, a handsome monument was unveiled today. The purpose of the monument is to commemo- rate the discovery of Kansas by Coro- nado and the rediscovery of the site of Quivira by J. V. Brower of St. Paul, Minn. The location of the monument is at Logan's Grove, a short distance from this city.

The erection of the monument is due to the efforts of the Quivira His- torical Society, which was organized at Kansas, last October. The so- ciety is composed of archaeologists, historians and students and its mem- bership extends over a number of western states. The officers, nearly all of whom took part in today's cere- monies, are Prof. J. V. Brower, St. Paul, president; Prof. E. E. Black- burn, of the Nebraska Historical So- ciety, vice president; Prof. E. A. Killian, Alma, Kas., secretary, and Judge John T. Keagy, Alma, chair- man of the executive board.

The monument is a handsome shaft of polished granite, standing on a base of rough stone. On the face is the following inscription:

QUIVIRA AND HARABEY DISCOVERED BY CORONADO 1541. JARAMILLO PADILLA TATARAX. REDISCOVERED BY J. V. BROWER. 1896. ERECTED FOR QUIVIRA HISTORICAL SOCIETY BY ROBERT HENDERSON. 1902.

The unveiling exercises were of an extremely interesting character and were witnessed by a large throng. The ceremonies began at 10 o'clock this morning with an offering of prayer, after which there was an ad- dress by Mr. Brower reviewing the history of the movement culminating in the erection of the monument. Other addresses of an historical na- ture were delivered by N. H. Winchell, president of the Geological Society of America, Prof. E. A. Killian and others. The music for the occasion was furnished by the regimental band from Fort Riley.

IMPRISONED

Striking Miners Given Their Freedom Today.

Parkersburg, W. Va., Aug. 12.—All the united mine workers in jail here for contempt of court, except John Goh, were released this morning. An application was made yesterday for their release, which Judge Jackson acted upon this morning, granting them freedom upon their promise to obey strictly the mandates of the courts hereafter, upon a threat of re- arrest if orders are, again violated. The district attorney and the attor- neys for the coal company, opposed.

The King Drives.

London, Aug. 12.—King Edward took a drive in a closed carriage this noon. His Majesty was loudly cheered.

AID IS GIVEN

For the Sustenance of the Striking Miners.

Hinton, W. Va., Aug. 12.—A com- mittee of the local union at Ansted is in town, soliciting aid for the desti- tute miners of that place. They say, although the miners are being sup- plied with provisions by the national union, quite a number with large fam- ilies are in dire need of wearing ap- parel. They report that few non- union miners are working. The com- mittee have wagons scouring the country in that vicinity and are re- ceiving liberal aid. The committee have received liberal contributions here.

MUCH WORRIED

By American Invasion of European Markets.

Berlin, Aug. 12.—What appears to be a forerunner of a determined effort to stop American commercial inva- sion of European markets, is on foot here. The leading ship owners and iron masters of Germany, will meet August 15, and on subsequent Fridays to discuss the matter. Special com- missioners have been sent out by the government and will report at the con- ference. Strict precautions have been taken to insure privacy to the delib- erations.

CLUE

Said to Have Been Discovered

To the Suspect

In the Murder Case of Minnie Mitchell.

An Unnatural Son Supposed to Have First Killed His Mother,

And in a Fit of Anger to Have Murdered His Sweetheart and Then Fled the Country.

Chicago, Aug. 12.—The police de- partment are doubling their efforts to obtain a clue that would reveal the whereabouts of the missing youth Bartholin, who is suspected of having murdered his mother and Miss Minnie Mitchell, his sweetheart. It developed during the day that young Bartholin had quarreled with his mother just before she disappeared over the ques- tion of bringing his prospective wife to live at his mother's home.

Late developments indicated that Bartholin may have made a careful survey of the field where Minnie Mitchell's body and clothing were found. William Waldrop told the police that on Wednesday, July 30, he met William Bartholin on Seventy- fourth and State streets, within a few feet of the spot where the body of the young man's fiancée was found. Waldrop talked with Bartholin. The last he saw of him was when he boarded a northbound State street car. It is supposed that the murder of Minnie Mitchell took place the same night. Bartholin's presence at the field where the body was found later gives color to the theory that the murder was planned in cold blood. The police are using all their inge- nuity to force Oscar Thompson, Mrs. Bartholin's principal roomer, to give additional information about crimes committed in the Calumet avenue death-house. They have been work- ing on the theory that the Mitchell girl may have been killed there and taken in Thompson's laundry wagon to the lonely field. A test is to be made to prove this theory. The horse is to be started south and left to its own instincts, in hopes that it will stop at Seventy-fourth and State streets.

Alleged Clue.

Chicago, Aug. 12.—A dispatch from Racine, Wis., says: It is believed that William Bartholin of Chicago, wanted on the charge of having murdered his mother, Mrs. Anna Bartholin, and his sweetheart, Miss Minnie Mitchell, was in Racine on the afternoon of Thursday, Aug. 7, registering at the Hotel Racine as Robert Miller. The stranger arrived on the 1:02 train via the Northwestern road, and when he registered appeared nervous and ill at ease. He had little to say, except to ask the clerk when the next train went north. He is supposed to have taken the 6:35 train in that direction. The man wore a Panama hat and was dressed in a gray suit of clothing. John Williamson, the hotel clerk, was shown a picture of Bartholin, but he could not state whether it resembled the man who had registered as Robert Miller. The signature on the reg- ister was traced on paper and ex- perts will make an examination of it.

Toledo Man's Tale.

Toledo, Aug. 12.—O. F. Hunter, a former roomer with Mrs. Annie Bar- tholin, found murdered in Chicago, is now in this city. He talks in a straightforward manner concerning his seven months' tenancy of the Bar- tholin house. He left Chicago on Fri- day, Aug. 1. He says: "To the best of my recollection, the last time I saw Mrs. Bartholin was on July 4, when I paid her my rent. I hardly ever saw her except on payday. On July 8 Bartholin told me his mother had gone to Michigan. I often met young Bartholin at the cigar store on the corner, whose proprietor is my nephew. He appeared to be a popu- lar young fellow, well esteemed in the neighborhood."

Suspected Bartholin.

Denver, Aug. 12.—M. L. R. Edwards, who roomed at the house of Mrs. Bar- tholin in Chicago, is in Denver. He tells a straightforward story and says he came here looking for work, and that he has at no time concealed his identity or his locality. He says he is willing to return to Chicago at any time if the police wish him to. One reason he left Chicago, he claims, was that he feared William Bartholin, who is accused of the murder of the two women. Before he left Chicago, he says, he expressed his suspicion of Bartholin.

MANY OF THE HEROES

Of the Late War are in Convention To- day at Council Bluffs, Iowa.

Council Bluffs, Ia., Aug. 12.—Men of military bearing are much in evi- dence here today, and the familiar uniform denoting service under the Stars and Stripes is to be seen at every turn. The visitors from the advance guard of the throng that will be here tomorrow when the National Society of the Philippines begins its third annual reunion. The attendance promises to surpass expectations, those already here numbering several

hundred and representing many sec- tions of the country. Participating in the program, which will extend over a period of three days, will be many of the heroes of the late war, and many other distinguished military men, orators and statesmen. Generals King, MacArthur, Funston and Hale are among those already here, or who are expected to put in an appearance before the formal opening of the gathering tomorrow.

YET A SPECULATION.

Torpedo Boat Destroyers Continue to be Good, Bad and Ordinary.

Washington, D. C., Aug. 12.—The trial of the torpedo boat destroyer, Chauncey, which was built by Neale & Levy, of Philadelphia, takes place off the Cape today, and considerable interest is manifested at the navy de- partment in the result of the test. The building of these tiny warships is now regarded as something of a speculation, inasmuch as several of those turned out during the last year

or two, have proved dismal failures while others, constructed after the same design and apparently alike in every particular, have been fully up to expectations. Naval constructors who have followed the construction of the Chauncey, express the opinion that it will come up to all requirements. The vessel is of 420 tons displacement and is designed to have a speed of 29 knots.

MURDERERS LYNCHED.

Three Hundred Masked Men Take the Law Into Their Own Hands.

Lodington, Mo., Aug. 12.—At 1:30 o'clock this morning, a mob of 200 masked men battered down the door of the jail, located in the courtyard here, secured Charles Salyers, white and Harry Gates, colored, who a week ago, murdered Gro. W. Johnson, and hanged them to a tree a short distance south of here. It took the mob thirty minutes to cut through the steel doors of the jail. The lynchings were proper- ly officered. A large crowd assembled while the mob was breaking into the jail. Gates was found shot in the right hip. Johnson's shot struck him, Salvers, in a statement said Gates had done the murder, having fired three shots. Johnson had gone to his chicken house on hearing a noise. Here he discovered two men robbing his hen house, and opened fire, being then killed by the intruders.

SHOT DEAD.

Two Policemen Killed by Thieves.

Encounter in a Chicago Alley Ends in a Double Murder.

Burglars who Committed the Deed, Both Made Good Their Escape. Eighty Suspects Arrested.

Chicago, Aug. 12.—Two policemen were shot dead in an alley at 4 o'clock this morning. The assailants were two burglars caught attempting to rob the house of Dr. Harry Shaw, 222 Ashland Boulevard. Both escaped. The police were: Timothy Devine, 40 years old, shot through the heart, and Charles Pennell, 35 years old, shot through the abdomen. The en- counter took place at the rear of the residence of Dr. Shaw. A general alarm was sent out and eighty suspects have been corraled.

WERE HOSTILE

To Murdered Men and May Have Had Hand in Their Deaths.

Chicago, Aug. 12.—Arthur, John and Sam Dillon, Jerry Hawley and George O'Brien, were among the suspects ar- rested after a terrific fight with the

police. They are known to have been hostile to officer Devine, and it is be- lieved by the police, they had a hand in the murder of Devine and Pennell.

MIDSUMMER

Meeting of Indiana Horti- culturists

Brings About Exhaustive Discus- sions Regarding all Kinds of Fruit.

Franklin, Ind., Aug. 12.—The mid- summer meeting of the Indiana Horti- cultural Society began here today with a good attendance. This morning the visitors were welcomed by Mayor Nixon, there was a response by Pres- ident W. W. Stevens and an interesting address on the subject of seventeen- year locusts by Prof. James Troop, of Purdue University. The possibil- ities of Indiana for growing apples, pears and other fruits on a commer- cial scale were exhaustively discussed this afternoon.

The society will continue and con- clude its sessions tomorrow.

OPEN DRAW BRIDGE

Causes a Horrible Disaster on the Jersey Central This Morning.

ELIZABETH, N. J., AUG. 12.—A FREIGHT TRAIN ON THE LONG BRANCH DIVISION OF THE NEW JERSEY CENTRAL AT 4:40 O'CLOCK THIS MORNING, DASHED INTO AN OPEN DRAW BRIDGE OVER THE ELIZABETH RIVER. WM. WEBSTER, FIREMAN, OF JERSEY CITY, AND PATRICK MANSFIELD, OF PLAINFIELD, WERE KILLED. THE DRAW BRIDGE WAS OPEN AND TWO

BOATS HAD JUST PASSED THROUGH. WHEN THE ENGINEER LOST CONTROL OF THE TRAIN, AND THE LOCOMOTIVE PLUNGED INTO THE RIVER. EIGHT CARS WERE PIKED UPON IT. ONE CAR WAS LOADED WITH DYNAMITE. ROBERT BEANEY, OF ELIZABETH, SUSTAINED A BROKEN LEG. TRAFFIC IS ENTIRELY SUSPEND- ED. A SIMILAR ACCIDENT OC- CURRED AT THE SAME PLACE ELEVEN YEARS AGO.

MOST SUCCESSFUL

In the Lodge's History, Elks Con- vention in Utah Promises to be.

Salt Lake City, Utah, Aug. 12.— This was the opening day of the great national gathering of Elks and if the enthusiasm that attended the initial proceedings is any indication of what is to follow, the convention is destined to go down in the history of the or- der as the most successful yet held. There was a delegation on hand from every state when Grand Exalted Ruler Charles E. Pickett, called the gather- ing to order this morning in the as- sembly hall of the Mormon tabernacle, the interior of which was gay with the flags and banners of the or- der. The opening proceedings were routine in character, but none the less

interesting. Governor Wells extend- ed greetings on behalf of the state of Utah and there were other welcomes for the city, the local lodges of the order, and the business men of Salt Lake City. Response was embodied in the annual address of the Grand Exalted Ruler, and then the con- vention listened to reports and the ap- pointment of committees. This busi- ness disposed of an early adjournment was taken to permit the visitors to partake of the first installment of the long and attractive entertainment program prepared by the local com- mittees. The big parade takes place tomorrow and there will also be a busi- ness session behind closed doors.

SUMPTUOUS AFFAIR

Will Be the Wedding of Reginald Van- derbilt and Miss Neilson.

New York, Aug. 12.—Following the formal announcement of the engage- ment of Reginald Vanderbilt and Miss Kathleen Neilson, society is now speculating as to the time and place of the wedding of the young and popu- lar couple. The marriage will be a sumptuous affair and will prob- ably take place in this city. An in- dication that the marriage will be celebrated before next summer is the fact that the wedding is being de- layed until the summer months. The wedding is being held at the Port- mouth, recently purchased by Reginald Vanderbilt. An

entirely new house is to replace the one now there, and large stables will be erected for horses and automo- biles.

Mrs. Vanderbilt seems perfectly satisfied with the prospect of Reginald approaching marriage, her desire to have the somewhat reckless young Vanderbilt settled in life outweighing possible objections of her son marry- ing a woman of the Roman Catholic faith. Miss Neilson is a charming young woman of the healthful, out-of- door type. It is said that she is serious minded and very religious.

WAR SHIP IS SENT

To Venezuela for the Protection of American Interests.

Washington, Aug. 12.—This govern- ment officially regards the situation in Venezuela most serious. At the request of the state department, the navy department today sent the cruiser, Cincinnati, Commander McLean, from Curacao to Puerto Cabello, which place is being threatened by revolutionists. The Cincinnati will re- enforce the Tопока, Commander Nick- els, in the work of protecting the American, and other foreign interests. It is believed that the presence of two American war vessels will have a re- straining effect on the revolutionists and that it will not be necessary to enforce. At the first demonstration, however, marines will be landed with instructions to shoot if necessary. There are several American business firms in Puerto Cabello, besides American Consul Ellsworth.

SACKED THE TOWN

Washington, Aug. 12.—Herbert W. Bowen, United States minister at Caracas, Venezuela, called the state department today that the consul at Barcelona had informed him by wire that Barcelona had been taken by the revolutionists, who sacked the town and in his judgment, the protection of a vessel should be immediately af- forded him. Bowen says he cabled to the Cincinnati to return from Curacao to Venezuela without delay. He notes that the Tопока is at Puerto Cabello, and the Marietta up the Orinoco. Acting secretary Darling, of the navy department, sent a dispatch to Commander McLean of the Cin- cinnati, which arrived at Puerto Cabello this morning. "A vessel is needed immediately at Barcelona."

TWO
Women Get Into
Trouble

In South Lima

And are Arrested and
Later Released.

Many South Lima Relatives
will Attend the Big
Reunion.

Parochial School of St. John's Par-
ish will Resume the Second
Day of Next Month. Other
South Side News.

Officer Jackson was called to the
residence of William Johnson yester-
day afternoon, to quiet two women
who were making themselves obnox-
ious. They had stopped at the John-
son home to ask for some pearls,
which when refused, angered them so
that they became abusive. One of
the women was about to assault Mrs.
Johnson, when her husband arrived
to prevent it. He called the police
man, who drove them to the station
in their own car. At headquarters
one woman gave her name as Carter,
the other, Reeves. They represented
they were driving from Canton to De-
catur, Ind., where they purposed mak-
ing their future home. After Mr.
Johnson withdrew his affidavit of
assault, the women were conducted
out of town by an officer who started
them upon the journey to their desti-
nation.

Family Reunion.
Preparations are in progress for the
second annual reunion of the Logan
Crossley families. This year's meet-
ing will be held at G. H. Rankin's
home in Perry township. At a house
upon this farm, which was then the
home of John Crossley, the first elec-
tion ever held in Perry township was
conducted. This was in 1824. The
election was disturbed by the excite-
ment incident to Mr. Crossley killing
a bear. The reunion this year
will occur Thursday, August the
twenty-eighth. A literary program,
interspersed with musical numbers
will be rendered. Addresses will be
made by the members of the two
families. A sumptuous dinner,
to which all are invited, will be ser-
ved in the grove upon the Rankin
park. A large number of the rela-
tives reside in south Lima. Elmer
Crossley is a member of the arrange-
ment committee.

The Parochial School.
Rev. F. G. Rupert, principal of the
parochial school of St. John's parish,
has decided to have the classes re-
sume Tuesday September the second.
The sisters of charity in charge of the
school will return to south Lima
from Cincinnati the last of August.
Music will be taught in the school this
year, an instructor being sent here
especially for that purpose. The
music teacher will also have private
classes for students at the sisters
residence. Advanced studies will be
taught this year. A large enrollment
is expected. The school is in a
flourishing condition.

Another Victim.
Hazel Linderman, of Tanner ave-
nue, was attacked by a vicious dog
near her home yesterday evening.
The animal sprang at her throat but
did not succeed in biting her there.
It did, however, leave the imprint of
its teeth upon her left cheek. Her
right eyelid was painfully lacerated by
the canine's paw. The dog was re-
ported to the police. It will be killed.

School Petition.
S. R. Miller, of west Fibby street,
is circulating a petition to have an
oral day school for the training of
deaf pupils, established in this city.
A large portion of the expense of
such a school is paid by the state,
which also supplies the teacher. The
organization is receiving general ap-
proval.

A Reception.
The Ladies Auxiliary of the south
side Baptist church will hold a recep-
tion at the home of Mrs. J. F. Van
Horn, on McPherson avenue, Wednes-
day afternoon.

LIMA
Will Help Findlay Celebrate
Labor Day,
And Next Year May be Asking
a Return of Assistance
Rendered.

Frank M. Treese, who, by the way,
was a former resident of Lima, is the
hustling end of the Labor Day celebra-
tion at Findlay and was here Saturday
working up an interest among the
labor unions. Lima will not celebrate
the holiday with anything special,
which leaves the boys free to find
amusement elsewhere, and it is likely
that many of them will attend the big
affair at Findlay.

It is to be made a sort of a district
celebration, with the promise of being
unusually observed by some north-
western city, and in all probability
Lima will be chosen as the place for
next year. With this object in view
the boys should turn out in full force
and do some rooting for their home
town.

RESOLUTIONS ON RESPECT.
Ontario Lodge of Pathfinders No. 11
offer the following resolutions upon
the death of Mrs. Mary R. Gorham,
who after a lingering illness died July
31st, 1902.

Whereas, It has been our Father's
pleasure to remove from earth to glory
our high and esteemed sister, Mary
Rosetta Gorham of Ontario Lodge, No.
11. We offer the following resolutions
as a testimony of the high esteem and
affection in which our beloved sister
was held:

Resolved, That this lodge has sus-
tained a great loss in the death of
Sister Gorham who was ever ready to
perform every duty entailed upon her
by the lodge:

Resolved, That this sad dispensation
of providence is a loss to us and we do
sincerely mourn our Sister and shall
miss her in all our meetings and asso-
ciation:

Resolved, That a copy of these res-
olutions be spread upon the Journal of
our Lodge as a tribute of honor and
respect and that a copy be sent to The
Pathfinder for publication and a copy
be sent to the bereaved family of our
deceased Sister, and our charter be
draped for thirty days.

Done by order of Ontario Lodge,
No. 11, of The Pathfinder.

and return, 50c. L. E. & W. R. R.
Sunday, Aug. 17th. Train leaves
Lima at 9:49 a. m.

NEWS BY RAIL.
E. R. Russell, formerly general yard
master here for the L. E. & W., is now
acting chief train dispatcher for the
St. W. C. & L. branch of that road.

Engine 318, which was damaged in
the collision in which conductor How-
ard French lost his life near Beeson's
on the Ft. W. C. & L. branch of the
L. E. & W., has been brought to the lo-
cal shops for repairs.

Conductor Will Davis, of the L. E.
& W., who was recently injured by a
fall on the tank of an engine, has re-
ported for duty again.

Master mechanic W. White, of the
L. E. & W., has started on his extend-
ed trip through the northwest and his
brother, E. B. White, of Rankin, is in
charge here.

General Notes.
Fire broke out in the C. H. & D.
round house at Findlay at four o'clock
Saturday morning but the department
made a good run and put out the blaze
before any considerable damage was
done.

FOUND A SUBSTITUTE.
While the result of the recent Beal
law elections have sent "the larger
beer" out of sight, the temperance sa-
loons have found a substitute in what
is called "Bishop's Beer," which is
said to resemble the genuine article
in taste and color, although pre-
sented perfectly harmless, and the
temperance saloonists are doing a
land office business, to the great alarm
of the parents of small boys who are
among the best customers.

The Right Kind
of Soda Water
to Drink.

Soda Water is delicious or not ac-
cording to the quantity and quality of
materials used in making it, plus skill.
We use none but the finest materials
in every part of the manufacture.

We take pains that the fountain and
dishes, freezers, mixers, ladles, cans
and every article is scrupulously clean.

Each drink has been worked over
until just the proper combination is
found to produce a perfect drink.

The result is that we are serving
Soda Water that is not excelled any-
where in the country. You can al-

WHEN LIFE'S AT STAKE
The most timid man will take any
chance of escape. The slender rope
dropped down the precipice, the slip-
pery log over the abyss, anything that
offers a chance of life, is eagerly snatched
at. The end the man seeks is safety.
He cares nothing for the means to
that end.

There are thou-
sands of men and
women whose
lives are at stake,
who are hindered
from accepting
the one means of
safety by foolish
prejudice.

Doctor Pierce's
Golden Medical
Discovery has
been the means of
restoring health
to many men and
women whose hol-
low cough, bleed-
ing lungs, emaci-
ation and weak-
ness seemed to
warrant the state-
ment of local phy-
sicians. "There is
no cure possible."
Why should prejudice against a put-up
medicine hinder you from trying what
has cured thousands of suffering men
and women?

"Only for Dr. Pierce's Golden Medical Dis-
covery I think I would be in my grave to-day,"
writes Mr. Moses Miles, of Hibernia, Ohio, U. S. A.
"I had asthma so bad I could not
sleep at night and was compelled to give up
work. It afflicted my lungs so that I coughed
all the time, both day and night. My friends
all thought I had consumption. My wife had
helped her so much she insisted on my try-
ing his 'Golden Medical Discovery,' which I
did. I have taken four bottles and am now a
well man, weighing 150 pounds, thanks to Dr.
Pierce's Golden Medical Discovery."

The sole motive for substitution is to
permit the dealer to make the little more
profit paid by the sale of less meritorious
medicines. He gains; you lose.

Too High.
"He has such high ideals!" she told
her father.
"Yes," said the old gentleman.
"That's the trouble. Why couldn't you
have been satisfied with a less expen-
sive husband?"—Detroit Free Press.

"I had diabetes in its worst form,"
writes Marion Lee, of Dunreath, Ind.
"I tried eight physicians without re-
lief. Only three bottles of Foley's
Kidney Cure made me a well man."

AMERICAN CONSUMPTION OF DRINKS.

In the years covered by the census of 1890 the United States produced 1,325,355,804 gallons of whiskey, beer, wines and malt liquors, which, according to the census, showed that the per capita ratio of consumption was 17.3 gallons. About 90 per cent of the total, however, was malt liquor, the increased consumption of which in this country during the past forty years has marked a new departure in the drinking taste of the people. It appears that forty years ago the United States produced 16,149,554 gallons of distilled spirits; in 1900 this had risen to 190,245,157 gallons, but during the same period the production of malt liquor rose from 2,005,925 barrels to 34,330,649 barrels—the ratio of rapid increase having continued uninterrupted since the close of the civil war. The census returns show in the most conclusive manner that the malt liquor habit has a firm grip on the American people, but at the same time marks the decline of the demand for strong alcoholic stimulants. In spite of the fact that we consume annually 17.3 gallons of cherishing liquors per capita, we still rank low in the list of drinking nations.

The world's product of wine in 1897 was 2,842,478,920 gallons. For the census year this country produced 23,423,567 gallons. The United States is therefore sixteenth in the list of wine producing countries, nearly all Europe and part of South America ranking ahead of it.

To compare one thing with another, while our product of intoxicants in 1900 was \$346,615,000, the musical instrument factories of the United States turned out only \$44,514,000 in products.

The great purpose of the products of intoxicants, beer, ale and wine, in providing revenue for the federal, state and local governments, is something not to be lost sight of. It amounts to about \$250,000,000 a year. The revenues received by the federal government last year from the taxes on spirits and fermented liquors amounted to \$192,500,000. This takes no account of the revenues received by states and municipalities, which probably amount to \$120,000,000 more.—New Orleans States.

And still it goes on. The civil war pension roll has established a new high water mark. On July 1 last there were 329,435 pensioners, an increase of 7,927 since 1899; this notwithstanding the high death rate among aged pensioners. Officials ascribe the increase to new legislation. Congress at the recent session passed 1,100 special pension bills, also two general acts which are expected to add 100,000 names to the list. It is not expected by the officials that the present high-water mark will ever be

exceeded. The deaths among pensioners for next year are estimated at 40,000, and it is anticipated that each subsequent year will show a decrease in the number of pensioners.

And now Marcus the First, having slept over his proposition to retire from politics, repents and says his statement that he had any such intention was merely a "jolly." Stranger things have happened, however, than taking him at his word, and allowing him to retire from his political arena.

PERCY JONES

Gets a License to Marry a Massachusetts Girl.

Percy C. Jones, son of Mayor Jones, this morning applied in probate court for a marriage license to wed Marion G. Cullen of Dorchester, Mass., a suburb of Boston. The marriage laws of Massachusetts require that a person residing in another state must first secure a license where he resides before a Massachusetts license will be issued. Mr. Jones gave his age as 24 and Miss Cullen's 23. The couple will reside on Monroe street, this city.—Toledo Bee.

WEEK

Is Added to the Vacation

By the Board.

Schools Will Not Open Until Sept. 8.

Shawnee Building Will Have a New Addition of Two Rooms

Which Will Lessen the Overflow at the Garfield Building—Desks Ordered for Elizabeth Street School.

Nine members were present at the meeting of the board of education when the roll was called, those responding being President Prophet, Messrs. Fenwick, Donahue, McClain, Klatte, Fredericks, Mooney, Miss Disman and Mrs. Vicary. The later arrivals were Metheny, Spyker, Irish and Bates.

An application was received from parents of deaf children, asking for the establishment of an oral day school for the benefit of those pupils. The application was signed by S. W. Miller, Isaac Butler, C. Y. Cowden, Geo. Botkin, Benj. E. Thomas and Mrs. Linnie Shepherd. Mr. Klatte moved that the request be granted. Prof. Miller added that Miss Laura B. Roby, of River Falls, Wisconsin, had made application to teach the new school. The board does not have to pay the teacher, as the state does that, but it is necessary to supply a room. The matter was submitted to the committee on teachers and salaries.

In reply to a letter addressed to the Piqua School Desk company, the matter of repairing some of the new desks was favorably considered and the work will be done without cost to the board.

The resolution of the Allen County Medical Association, which was specially referred to in the Times several days ago, was read, and the sense of the resolution was to recommend the motion of Dr. Bates, which was defeated at a previous meeting, to have the school rooms fumigated before the opening of the fall term. Mr. Prophet and Mr. Donahue, who voted against the original motion, declared that their only object in doing so was because of the uncertainty of the cost. Neither cared to support a proposition which might carry with it an expenditure of perhaps \$3 per room, but as they had since been informed that the cost would not be more than 30 cents per room, they would withdraw their objections.

Mr. Spyker made a motion that the building and repairs committee be authorized to purchase 50 new seats to supply the B grammar grade in the south Elizabeth street building. Carried.

Mr. Metheny suggested the need of seats for the new addition to the Shawnee building, but the matter was allowed to go over to a special meeting, in order to ascertain just how many would be needed.

Supt. Miller had but a short report to make. The only question presented was the one of opening the schools. He favored, as had been recommended by several of the board, opening school on the 8th of September instead of on Tuesday following labor day. The principal reason for lengthening the vacation is to permit the finishing, if possible, of the Shawnee addition. Mr. Spyker put the suggestion in the form of a motion which Mr. Donahue seconded, and a majority of the board favored it.

It was reported that there were three summer schools in session that have now closed, and a number of scholars attended, some to make up a deficiency in certain studies and others to advance more rapidly along certain lines.

Miss Disman requested that the janitors at the east building be ordered to remove the heavy crushed stone from the grounds, as it was an injury to the shoes of the children. The motion carried.

There being no further business to transact the board adjourned to meet in special session at 8 o'clock next Friday evening.

COLUMBUS GROVE.

Cylinder Head Blew Out of the Engine.

The W. C. T. U. Will Give an Ice Cream Social Next Monday Evening.

Columbus Grove, O., August 12.—At Gilboa, northeast of here, the women of the Christian Temperance union have arranged an ice cream social, and all men who voted against the saloons at the election held under the Beal law on last Monday, will be served with refreshments at the social, free of charge. The church ladies will assist at the social, which will be held tomorrow evening.

Secretary Sandies, of the Putnam county fair, also a member of the state board of agriculture, will have charge of the swine and poultry exhibit during the Ohio state fair, September 1 to 5.

The attendance at the teachers' institute continues to increase. It is believed by the close of the day's session the usual big crowds will come on for superintendent L. W. Bennett's lecture upon "Christian Culture in Education."

Hon. John Begg, state lecturer at farmers' institutes, will go to Jackson, Ohio, tomorrow, where he will address a gathering of the farmers of that section upon topics relating to their interests.

Mrs. L. J. Lemley will entertain the W. C. T. U. at her home in the east end this afternoon. Election of officers will follow the rendition of the regular program. The meeting is the last of the current year.

Mr. and Mrs. Christian N. Statter, of rural route No. 3, Lima, were guests in the city yesterday.

Miss Leo Davis, daughter of Rev. W. V. Davis, will enter Otterbein university to take a thorough course in music, at the opening of the fall term. Miss Edna Gable, another Columbus Grove girl, will be a musical student at "Old Otterbein" also.

While the local north-bound freight was switching at the high street crossing of the Cincinnati, Hamilton & Dayton tracks yesterday morning, a cylinder blew out as the engine was being reversed, caused by the breaking of a piston rod. Cortes Sheets, of Lima, a train man who was standing near, barely escaped with his life.

WEDDING

Of Miss Elsie Crosson and Mr. Claude Deweese.

A very pretty home wedding occurred this morning at seven o'clock, at the residence of Mr. and Mrs. Z. A. Crosson, on west High street, when their charming and accomplished daughter, Elsie, was united in marriage to Mr. Claude T. Deweese, of Greensburg, Ind. The ceremony was pronounced by Rev. M. M. Figley in the presence of a few intimate friends of the family. An elegant wedding breakfast was served, soon after which the happy couple left for their new home in Greensburg, Ind., where the groom is a successful grocer.

The young couple have been the best wishes of hosts of friends in Lima for their continued happiness.

PLAYED

The Detective and Beat His Board Bills.

A man giving his name as Joseph Arthur and claiming to be a detective for the Western Ohio, is under arrest at Bellefontaine for jumping a board bill. He is wanted for the same offense at Sidney, and from a description of the man he is thought to be a prisoner who escaped from the jail at Marion, Ind., a few days ago.

BIG

Picnic for Clerks and Merchants

Will be Held

On Thursday, August Twenty-First.

Grove Near Cridersville Selected as Location for the Outing.

Stag Proposition Abandoned at Last Night's Meeting—Various Committees Appointed to Take Charge.

The second meeting of the male members of the clerks' fraternity, held in the assembly room at the court house last night for the purpose of making further arrangements for the proposed outing, was largely attended and the project was made more far reaching by the adoption of a resolution extending an invitation to all of the lady clerks and the merchants of the city to participate in the day's outing.

Peter Laughlin was selected to officiate as chairman of the meeting and H. B. Halladay was chosen as secretary. The resolution inviting lady clerks and merchants to participate in the picnic was adopted and then the following committees were appointed:

Arrangements—James Sullivan, Dan Diamond and J. B. Parker.

Committee on Amusements—Peter Laughlin, Harry McCune, Chas. Hyatt, Bert Wilcox, C. E. Willis, James Garner, Julius Dufresne, Lee Copeland, A. C. Rowlands, Frank Clerk.

Committee on Invitation to Merchants—J. B. Parker, Geo. F. Barrett, R. B. Halladay.

Committee on Invitation to Lady

Clerks.—Geo. F. Barrett, Lee Copeland, Albert McCool, Floyd Patton, C. E. Willis.

Press Committee.—Peter Laughlin, C. E. Moore, Bruce Appias.

Transportation Committee.—H. B. Halladay, C. B. Beattie.

Donation Committee.—John Sutton, Bert Wilcox, Phil Rhoder, Henry Kenner, C. E. Moore, Chas. Rowlands.

Another meeting will be held on Wednesday evening at 8 o'clock, sharp, at the assembly room. All merchants and clerks are requested to be present. The ladies especially, are urged to attend.

THE DATE IS NAMED.

The committees that were appointed took up their work immediately and the picnic is now well under way. The date and location for the picnic have been decided upon and the merchants will be requested to close their places of business and join with their employees for the day's outing. Thursday, August 21, is the date that has been chosen and a clean, shady, inviting grove a short distance this side of Cridersville and within a short distance of the Western Ohio railway line, has been selected as the place for holding the picnic. Base ball games and other amusements will be arranged for. All who attend will be requested to take lunch baskets.
